1 cell waiting for backup: One of the reasons, I think,  
2 and I don't want to put words in your mouth, but was  
3 that if someone were to commit suicide while two PSAs  
4 were in the cell, that would be a concern, correct?

5 A. Correct.

6 Q. Are there any other concerns that you're aware of with  
7 respect to why you'd need to wait for backup?

8 A. Because a lot of times if somebody is out of it and  
9 then they come back, sometimes they'll be combative,  
10 not because they're being mean, but just because  
11 they're disoriented, they don't know what's going on  
12 and they become disoriented, they start fighting and  
13 if we're both in the cell fighting, there's nobody  
14 down to help us.

15 Q. If I use the term possum, does that mean anything?

16 A. Yes.

17 Q. What does than mean?

18 A. That means that they're pretending to be sick so  
19 you'll go in there and they'll attack you and that's  
20 one of the concerns.

21 Q. Is that one of the concerns you would have for  
22 immediately going into the cell, is somebody playing  
23 possum?

24 A. Yes. I didn't know how to properly say that but, yes,  
25 that would be another one.
